Hello Everyone,

January started 2002 extremely exciting and very busy. Lots of good news and lots of positive changes coming in the next few months. On Jan 22, we heard from our 23rd person who was diagnosed with cancer/tumors in December and now she is completely cleared by her MD. The program she and many others used is in this newsletter.

Y.L. experienced a record month on Jan. 2002 and Jan. 31 was an all-time record sales day. Remember to get your orders in early to avoid any problems with getting your order filled. Hope we are all having a beautiful winter. Young Living is growing and breaking records as a result of your wonderful and compassionate sharing. Thank You for being such outstanding messengers!

Environment

Great oils to diffuse this time of year Citrus Fresh, Grapefruit, Lemon, Orange and Tangerine. They have antiseptic, antibacterial and antiviral properties. Also they do an excellent job of uplifting our mood this time of year when winter can often times be gloomy - they create a feeling of joy and positivity all around.

Animals

Hotspots - Exodus capsules taken internally and apply Melrose, Purification, or Myrrh topically multiple times daily. Vitagreen and Sulfurzyme also produce excellent results.

R.C. & Raven - dilute in carrier oil and rub on spine and feet - also very important to diffuse while sleeping. Cold air diffuser is necessary. Or a cold mist vaporizer works very well, use 10 drops for every gallon of water.

Lemon - put 1-2 drops in every 8 oz. water - drink lots.

General Usage

Following is the program that I and many others have used when we were diagnosed with cancer and tumors. This is the basic program and the Essential Oil portion needs to be customized for each unique individual situation. Do not photo copy this and just give it to them! By law unless you are a licensed medical professional, we are not allowed to diagnose and prescribe. I strongly encourage any one following this program to consider going out to our medical research clinic in Utah.

No microwave anything, no red meat, no animal fat, no alcohol, coffee, pop, deep fried foods, sugar, white flour, processed food, cheese, animal dairy. No protein after 2:00 pm (protein takes a minimum of 8 hours to digest, any undigested protein that is in your system when you go to bed will actually feed tumors and cancer)

Seniors

To help reduce coffee consumption - Any of the H2 Oils packets put in a pitcher of water and place on the counter for drinking. Your coffee cravings are guaranteed to decrease and water consumption increase. Howard claims by doing this he went from an excessive coffee drinker to no cravings in less than one week. Each packet contains 3 pouches and each pouch lasts approx. 1 month.

Hot Tip

Y.L. Digestive Enzymes are by far the most superior I have ever used. These were instrumental in the prostate cancer leaving my body. I took more than recommended and achieved superior results. I believe everyone no matter what level of health you are experiencing needs to be on these enzymes. They truly work fantastic - Dr. Dan Skow

What's New

We are intending to move forward with the Wholistic facility in Carver, MN. There are openings in all areas. If your interested in moving forward please contact Dr. Dayna Wolfe - 952-368-9402 We are in the early stages of pulling together a team of doctors, nurses, phycologist, physical therapist, massage therapist, veterinarian, etc. to create an Integrated Health Care facility for humans and animals on 90 acres in Chaska, MN. This is a momentous task and if you'd like to be involved call her. She has also offered her barn and location to do animal classes. A huge thank you to Dr. Wolfe for her participation with our team members in integrating the oils into their personal healthcare.

Young Life Research Clinic

Young living as a medical research facility in Springville, Utah which has excellent results producing treatments and programs for a wide variety of physical, mental and emotional conditions. Many of our team members have visited the clinic receiving outstanding results from seemingly minor to extreme life threatening situations. Before anyone is referred to the clinic it is imperative that they have their own personal membership account number. Please make sure the person referring them to the clinic has setup an account for them prior to their visit. This will save them valuable \$ and make sure they get connected to our team enabling them to receive much needed support. Often times potential patients get frustrated because they don't get all their questions answered. The clinic is regulated by government agencies and can only answer limited questions over the phone. Once you become a patient all of your questions can be answered during your personal visit and follow-up care. Many of us that have been to the clinic can answer your questions that perhaps intially the clinic can not. To make an appointment call 801-489-8650

Business Building

Vicki Opfer has an outstanding computer program to manage your organization, this is the best one that I have ever seen! To receive info, call 303-456-0088 or go to her website www.ylfamily.com, print the Installation Guide, Users Guide and Order Form. I encourage everyone who is building a business to use this program.

Judy Beenken has created some fabulous (mens & womens) shirts, sweat & t shirts, bags, etc. with "our" beautiful logo on it. We've been wearing them to expo's, fairs, classes & meetings. Customers are asking to purchase them they're so sharp. I even had multiple people request to purchase the shirt I was wearing! Call or email her, she'll send you a brochure. Judy Beenken 641-749-2678

I have overflowing gratitude for each of us as we continue to have a positive effect on the people and animals whose lives we touch. Congratulations and special recognition to the following members for their achievements in December 2001. (if I have missed anyone please let me know)

New Star Executive - Biz Wiger, Beth Marquardt, Rose & Jerry Jordan,
Judy & Roger Beenken, Lori Haataja

New Sr. Star Executive - Terry Burns

New Master Star Executive - Jeanne Wiger, Sherry LaMarche

Premier Master Star - Babette Anderson, Marge Ross, Dan Keskey

Finally, I have a request - please have your members call their sponsor before me - I'm so completely overloaded with phone calls that it is taking me 3 - 4 weeks to return calls! And with some of these situations of a serious nature time is of the essence.

Being its the beginning of the year I think it would be helpful to send out a postcard to your members letting them know who they could be calling in their upline before calling me.

Also, I will only talk to people who are members. Unless, sometimes there are unique situations, then I prefer a 3 way call with the interested person(s), sponsor & me. Also, please make sure everyone who wants my assistance in creating a program for them has the Desk Reference in hand during our conversation. These steps will so assist me in being available to more of our team.
